### Clinical Information

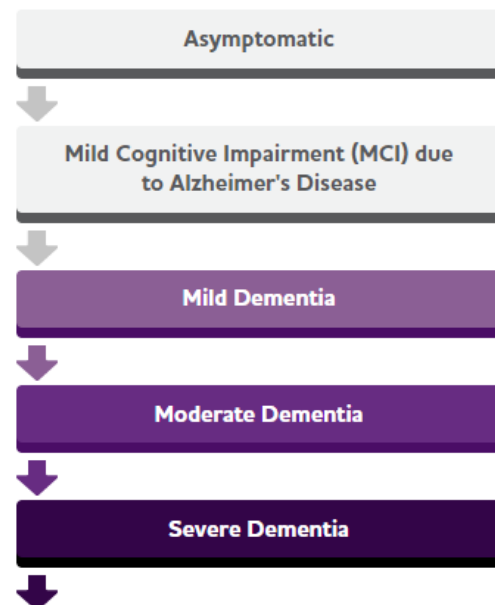

#### Alzheimer's & Brain Awareness Month

June is Alzheimer's & Brain Awareness Month, giving all of us an opportunity to hold conversations about the brain, Alzheimer's disease, and other dementias. 50 million people worldwide are living with dementia, and 5.8 million Americans are currently affected by Alzheimer's disease. But we have a chance to increase awareness, combat this disease, and ultimately, accomplish our vision of a world without Alzheimer's disease. Join the Alzheimer's Association in going purple and raising awareness this June.

#ENDALZ

#### Alzheimer's as a Continuum

Alzheimer's disease progresses in stages, with the severity of symptoms increasing over time.

#### Fun Fact

The first nursing school in the United States was established in 1873 in New York City. Bellevue City Hospital's nursing program was one year long and was based on the principles of nursing set-forth by Florence Nightingale. The New England Hospital for Women and Children's nursing program was opened shortly after.

#### Funny Nurse Quote

“Once a nurse, always a nurse. No matter where you go or what you do, you can never truly get out of nursing. It's like the mafia... you know too much.”

### Raffle Winner

On April 11th New England Home Health Services participated in a Nursing school career fair at Signature Healthcare/Brockton Hospital School of Nursing, over 30 nursing students dropped by our booth and learned more about the job opportunities with New England Home Health Services in the Brockton and surrounding areas.

One of our raffle winners was graduating RN student Emma McGarry, she will receive a gift card to Uniform Destinations and career counseling session from our Recruitment Manager who will provide her with a resume review session and a mock interview.

Emma is excited to graduate from Signature Healthcare/ Brockton Hospital School of Nursing, as she believes the school has been very supportive and has guided her on achieving her goal to become an RN. Along the way she has made many friends and finds the nursing program very nurturing. Emma hopes that her first position allows her to gain many clinical experiences that gives her a wide range of options as she starts her career. From New England Home Health Services - CONGRATULATION TO EMMA and the class of 2023.

### Nurses Week

In May we celebrated National Nurses Week from May 6th–May 12th. National nurses week is an annual celebration of nurses worldwide and what they do. We gave our thanks by giving back to the nurses that sacrifice so much for the community by sending out NEHHS water bottles filled with merchandise along with a bag and thank you note. Thank you to all nurses for being the backbone of healthcare and for making a positive impact on countless lives. We appreciate you today and everyday!

### **Tips from our recruiting team**

Resumes showcase your professional background and are a first impression for the employer. When applying for jobs, it is crucial that your resume is informative and appealing. To land an interview make sure your resume includes...

- Educational Background
- Work Experience
- Relevant Experience

### **Faces in the field and office**

In April we hired two students from Shawsheen Technical Highschool through the Co-op program. Both Jason and Riley have taken on tasks in roles such as office administration, recruiting, and marketing in the office.
